CAPITOL TECHNOLOGY UNIVERSITY SCHOLARSHIP PACKET

Capitol Technology University's mission is to provide practical education in engineering, computer science, information technology and business that prepares individuals for professional careers and affords them the opportunity to thrive in a changing world. As a part of its vision to be affordable and offer access by diverse populations to quality learning outcomes for success as workforce professionals and citizens, Capitol Technology University strives to offer students the financial resources to obtain its vision.

This packet holds 100+ scholarships, grants, fellowships, and more to supplement your educational funding in your years at Capitol Technology University. As a promotion to academic success, financial sustainability, and future, grab hold of these opportunities and most of all, have fun searching!

INSTITUTIONAL SCHOLARSHIPS

First-Year and Transfer Students

Students who apply to Capitol Technology University for admission as a first-year or transfer student will automatically have their applications reviewed for one of the institutional scholarship programs. Students whose cumulative grade point average and SAT scores fit into the Merit Scholarship Grid will automatically receive a scholarship. They will be notified by the Office of Admissions of their award amount.

Continuing students who meet the criteria will be notified early spring.

All of the scholarships are annually renewable to recipients who maintain at least a 3.0 grade point average and complete 24 credits each year. Students renewing the Richard Wainwright Grant are to maintain at least a 2.0 GPA and a 2.5 GPA for the Emerging Leaders Scholarship.

Board of Trustees Scholarship

Awards range from \$4,000 to \$6,000. The scholarship is named to recognize the service and support of the college's Board of Trustees members.

Capitol Scholars Program

The Capitol Scholars Program is designed for remarkable students who have the ability to excel in the fields of engineering, information technology, and computer science. Your talent for technology and ambitious goals and drive could be the characteristics that earn you a spot as one of five students selected each year to be Capitol Scholars.

Capitol Scholars receive a full scholarship and the opportunity to participate in a prestigious four-year program that is challenging, integrated, and hands-on. The program offers students an encouraging support system, dedicated mentors, and above all, career planning assistance and internship opportunities.

Requirements:

- a 3.0 GPA or higher
- a combined SAT CR/M score of 1100 or higher or the ACT equivalent

How to Apply:

1. Apply to the college and be accepted

2. Complete the Free Application for Federal Student Aid (FAFSA). Results must be sent to the Capitol Technology University Office of Financial Aid two weeks prior to interviews.
3. Nominated students are invited to a CSP Interview and Presentation
4. Day to present their academic interests. Students may consult with an admissions representative for interview preparation.

Deadline:

March 1 – Deadline for applications and FAFSA forms February and March – Interview and Presentation Days

April 1 – Notification of awards

Emerging Leaders Program

This scholarship entails a comprehensive program that will strengthen their academic skills, enhance their bond with fellow classmates and provide them with opportunities to meet with business and industry leaders through our innovation and leaders.

First Robotics Scholarship

Capitol Technology University offers a \$5,000 scholarship to FIRST Robotics students. These funds may be used toward any undergraduate course of study at the college and the award is renewable up to a total of \$20,000 over four years, contingent upon good academic standing.

To be eligible for this scholarship you must:

- Be a senior in high school
- Have participated in at least one full season during your junior or senior year on a FIRST Robotics Competition (FRC) team or a FIRST Tech Challenge (FTC) team; and Apply and be admitted to Capitol Technology University as a full-time student.

Presidential Scholarship

Awards range from \$7,000 to \$9,000.

Richard J. Heiman Scholarship

This scholarship is named in honor of a dedicated member of the Capitol Technology University Board of Trustees. This is the largest of the institutional scholarships.

Awards range from \$10,000 to \$12,000. Eligible Heiman scholarship awardees are invited to our Capitol Scholars program in January to compete for additional scholarships up to full tuition.

Richard A. Wainwright Grant

This grant provides support for students who have academic ability and demonstrate financial need. The Richard A. Wainwright Grant is the highest level of institutional grant offered to the most qualified students.

Wainwright Scholarship

Named in honor of Capitol's first Chairman of the Board of Trustees, Dick Wainwright. Awards range from \$1,000 to \$3,000. Eligible applicants will have at least a 2.5 cumulative GPA and a combined SAT CR/M of at least 900.

Corporate, Endowed & Foundation Scholarships

Acterna Scholarship Fund (JDSU)

This scholarship was established in 1997 as part of the Millennium Society Scholarship Fund. Acterna, formerly Telecommunications Techniques Corporation, supports one outstanding third- or fourth-year student. In addition, the scholar will exhibit financial need, exemplary character, initiative and leadership potential.

Alcatel USA Scholarship

An endowment by DSC Communications Corporation, now Alcatel USA, was established in 1984 to help academically talented, financially needy students. Since that time, it has provided two scholarships each academic year.

Avrum Gudelsky Memorial Scholarship

Funds for this scholarship have been made available through an endowment created by Homer and Martha Gudelsky in memory of their son, Avrum. This scholarship recognizes and encourages academic excellence among outstanding seniors who are pursuing a Bachelor of Science degree. It is the highest academic honor the college confers.

Carl and Sandra English Endowed Scholarship Fund

This award provides support to African American students who have outstanding academic ability and financial need. One scholarship is awarded each year. The English family has been involved at the college for many years and has a long history of supporting the college's mission.

Charles and Helen DeVore Memorial Scholarship

This scholarship was endowed in memory of Charles and Helen DeVore. The scholarship provides financial support to two students with junior or senior status who have been active in the Capitol Technology University student branch of the IEEE (a professional engineering association) who have demonstrated abilities in communication and maintained a high standard of academics. The endowment has grown significantly throughout the years and funds one scholarship for each academic year.

Frederick J. Berger Scholarship

Dr. Frederick J. Berger, executive director of the Tau Alpha Pi National Honor Society, has endowed this award to recognize outstanding scholarship in engineering technology. Qualifications include membership in Tau Alpha Pi National Honor Society, demonstrated leadership and fine character.

George I. Alden Trust Scholarship

A continued supporter of Capitol Technology University, the George I. Alden Trust provided an endowed scholarship to the Millennium Society Scholarship Fund. The scholarship was established in 1998.

Homer Gudelsky Memorial Award

This scholarship program has been designated to provide encouragement and support for an outstanding freshman with demonstrated commitment and potential for academic success. Faculty members nominate and select the recipient.

John & Beverly Puente Scholarship

\$3,500

Leonard Jarrell Memorial Scholarship

This scholarship was established in memory of Leonard Jarrell. The Jarrell family has been part of the Capitol Technology University community for more than 27 years. Leonard, an engineer and teacher, played an important role in building a relationship between IEEE and the college. This scholarship is part of the Millennium Society Scholarship Fund and is dedicated to the support of future generations of engineers and technologists.

LTC Lawrence Sites Scholarship

One scholarship is awarded each academic year in the amount of \$2500.

Micro Systems Scholarship

\$2,900

The Brigadier General Harold R. “Johnny” Johnson and Maria Baciú Johnson Scholarship

This scholarship was endowed by the Johnson family and William O. Hider, in memory of Brigadier General Harold R. —Johnny, Johnson and his wife, Maria Baciú Johnson. The Brigadier General was the fifth president of Capitol Technology University. This scholarship is for a junior with a career in innovation, entrepreneurship or business.

France-Merrick Foundations Scholarship

This endowed scholarship, made possible by a grant from the France-Merrick Foundations, enables Capitol Technology University to provide support to students with outstanding academic ability. One award is made each year. The France- Merrick Foundations actively support many cultural and educational initiatives in the Baltimore area. The France-Merrick Foundations Endowed Scholarship Fund for Baltimore City Residents. The France-Merrick Foundations have established a fund to provide a scholarship for a financially needy student who is a resident of Baltimore City. One award is made each year.

The Giannopoulos Fund

Tom Giannopoulos, president of Micros Systems, Inc., is a former member of the Capitol Technology University Board of Trustees. He generously provided funding to establish the Giannopoulos Fund to support bright students pursuing high-technology degrees at Capitol Technology University.

Thomas Capshaw Memorial Scholarship

The family of Thomas E.Capshaw has created the Thomas Capshaw Memorial Scholarship to remember the late alumnus of the Capitol Radio Engineering Institute (CREI), now known as Capitol Technology University. Each year, the scholarship will be awarded to an undergraduate student who is majoring in either electronics engineering technology or astronautical engineering, and who demonstrates financial need. The scholarship will be awarded to one student annually in the fall semester with a fall and spring disbursement. Special consideration will be given to students from either North Carolina or Florida (former residences of Capshaw).

Walter and Annie Pike Scholarship

Anne Pike, widow of Walter Pike, has very generously established an endowment in memory of her late

husband, He received a diploma from Capitol Radio & Engineering Institute (CREI), the predecessor institute of Capitol Technology University. In 1939, based on his CREI education, Pike was declared vital to the war effort during WW II and developed radar and other state-of- the-art systems. He had a long distinguished career in government.

William Randolph Hearst Endowed Scholarship Fund for Women

The Hearst Foundation established this program in 1988. Its purpose is to encourage women to enter the field of engineering. The endowment has grown from one scholarship per year to four.

William Randolph Hearst Endowed Scholarship Fund for Women and Minorities

The Hearst Foundation affirmed its support for Capitol Technology University by joining the Millennium Society in 2000. Its scholarship fund is to encourage women and minority students to enter the field of engineering.

MARYLAND STATE SCHOLARSHIPS/GRANTS

Howard P. Rawlings Program of Educational Excellence Awards

Howard P. Rawlings Guaranteed Access (GA) Grant

Requirements: Current high school seniors who will complete a college preparatory program or a student who graduated prior to the current academic year who provides written documentation explaining why they were unable to attend college within one (1) year of graduating from high school.

You and your parents (if you are a dependent student) must be Maryland residents. You must enroll at a two-year or four-year Maryland college or university as a full-time (12+ credits per semester; audited courses cannot be used to reach the minimum credit hours required for full-time status), degree-seeking, undergraduate student, and you must demonstrate financial need. All applicants must have a minimum, unweighted cumulative 2.5 high school grade point average (GPA) and meet the following income requirements:

Income Requirements:

To be eligible for the GA Grant, initial and renewal applicants must meet the following income requirements:

Household Size	130% of Poverty Level (Initial Applicants)	130% of Poverty Level (Renewal Recipients)
1	\$16,744	\$19,320
2	\$22,646	\$26,130
3	\$28,548	\$32,940
4	\$34,450	\$39,750
5	\$40,352	\$46,560
6	\$46,254	\$53,370
7	\$52,156	\$60,180
8	\$58,058	\$66,990
For families/households with more than 8 persons, for each additional person add	\$5,902	\$6,810

Scholarships with a maximum of \$20,000 are offered.

Deadline: March 1

For more details please visit: : Complete and file the Free Application for Federal Student Aid(FAFSA) at <https://studentaid.gov/> and complete and file the Howard P. Rawlings Guaranteed Access (GA) Grant application online at <https://mdcaps.mhec.state.md.us> (see below for application instructions).

Howard P. Rawlings Educational Assistance (EA) Grant

Requirements: Current high school seniors and full-time, degree-seeking undergraduates. You and your parents (if you are a dependent student) must be Maryland residents. You must enroll at a two-year or four-year Maryland college or university as a full-time (12+ credits per semester), degree seeking, undergraduate student. Audited courses cannot be used to reach the minimum credit hours required for full-time status. You must demonstrate financial need. All applicants are ranked by Expected Family Contribution (EFC). Your EFC is based on information reported on the FAFSA. Students with the lowest EFC are awarded first.

Deadline: March 1st

Part-Time Grant

Requirements: Part-time, degree-seeking undergraduates and students dually enrolled in a Maryland high school and an institution of higher education.

The minimum award is \$200, and the maximum award is \$2,000. Funds may not be available to award all eligible students.

Deadline: March 1st

Legislative Scholarships

Delegate Scholarships

Requirements: Current high school seniors and full-time or part-time, degree-seeking undergraduate and graduate students. Students attending a private career school may also apply.

How to apply: If your delegates make their own awards, you should call or write them for further instructions. The Office of Student Financial Assistance (OSFA) can provide a list of all State legislators. Some delegates ask OSFA to make awards for them. These awards are made on the basis of need as demonstrated on the FAFSA. If a delegate asks OSFA to make the awards, students must complete and file the FAFSA.

When to apply: Complete and file the FAFSA by March 1. Contact your delegates in February for further instructions

Eligible majors: All majors are eligible. The minimum annual award is \$200. You may hold the Delegate

Scholarship with all State awards. The total dollar amount of all State scholarship awards may not exceed your cost of attendance as determined by your college's financial aid office or

\$19,000, whichever is less. Funds may not be available to award all eligible students.

For more details please visit : https://mhec.maryland.gov/preparing/pages/financialaid/programdescriptions/prog_delegate.aspx

Senatorial Scholarship

Who may apply: Current high school seniors and full-time and part-time, degree-seeking undergraduate and graduate students. Students attending a private career school may also apply.

How to apply: Complete and file the Free Application for Federal Student Aid (FAFSA). If your senator makes his/her own awards, you must call or write to your legislator for further instructions. The Office of Student Financial Assistance (OSFA) can provide a list of all State legislators.

When to apply: Complete and file the FAFSA at www.fafsa.gov by March 1. Contact your senator in February for further instructions.

Eligible majors: All majors are eligible.

You may use this scholarship at an out-of-state school if your major is not available at any Maryland institution and if your senator agrees. In order to verify your major as unique, you must complete the Unique Major Application and submit it to MHEC with the required documentation. Allow 8 weeks for processing.

For more details please visit: https://mhec.maryland.gov/preparing/pages/financialaid/programdescriptions/prog_senatorial.aspx

DISTRICT OF COLUMBIA EDUCATION ASSISTANCE

District of Columbia Tuition Assistance Program (DCTAG)

Requirements: You must be a DC resident and complete a FAFSA. Applications are available February 1 and must be submitted before the June 30 deadline. You must complete the DC OneApp yearly and provide the DC OneApp required supporting documents at the same time. The website is <https://dconeapp.dc.gov/>

Mayor's Scholars

Requirements: You must be a graduate of a public high school in the District of Columbia (including DCPS and public charters). You must have lived in the District of Columbia for the past twelve months. Eligibility is based on financial need. For more details please visit: <http://osse.dc.gov/mayorsscholars>.

DC-Cap Last Dollar Award

Requirements: You must be a graduate of a DC Public High School or public charter high school. You must complete the FAFSA, DC-Tag Application and DC-Cap Authorization Form. The website is <https://dccap.org/college-students/last-dollar-award>

PRIVATE SCHOLARSHIPS

AFCEA Science, Technology, Engineering, and Math (STEM) Major Scholarships for Undergraduate Students

STEM Major Scholarship Eligibility:

Undergraduate candidates must be at least second-year college students enrolled as sophomores or juniors full-time in a four-year college or university at the time of application. Expected graduation date cannot be in the year the scholarship is awarded.

You are NOT eligible to apply:

- If attending a Community College and planning to attend a four-year university
- If attending a two-year college
- If you are a freshman or a senior in a four-year university
- If you are a high school senior

A current overall GPA of 3.0 or higher in their current program at an accredited U.S. college or university required at the time of application.

Applicants must be U.S. Citizens or Permanent Residents.

Applications will be accepted from current eligible undergraduate level students majoring in STEM fields that meet the mission of AFCEA, to include Cyber Security, Intelligence and Homeland Security-related disciplines. Online programs are eligible.

Qualifying STEM majors related to the mission of AFCEA include: Biometry/Biometrics, Computer Engineering, Computer Forensics Science, Computer Programming, Computer Science, Computer Systems, Cybersecurity, Electrical Engineering, Electronics Engineering, Geospatial Science, Information Science, Information Technology, Information Resource Management, Intelligence, Mathematics, Network Engineering, Network Security, Operations, Research, Physics, Robotics Engineering, Robotics Technology, Statistics, Strategic Intelligence, and Telecommunications Engineering

Undergraduate Diversity Scholarship

Applicants for the Undergraduate Diversity Scholarship must meet all of the eligibility requirements of the STEM Majors

Scholarship. Additionally, applicants must be a woman or minority student. Students attending HBCUs are particularly encouraged to apply. Graduate students should apply to the Ralph W. Shrader Graduate Diversity Scholarship.

Cyber Security Scholarship

Applicants for the Cyber Security Scholarship must meet all of the eligibility requirements of the STEM Majors Scholarship. Additionally, applicants must be in one of the following majors:

- Cyber Security
- Computer Science
- Digital Forensics
- Information Assurance
- Information Technology
- Electronic Engineering
- Other field related to the support of U.S. Cyber enterprises

Deadline: May 31 of each year

For more details please visit: <https://www.afcea.org/stem-majors-scholarships>

ANA Annual Scholarship Program

A Neumann & Associates, LLC has established an Annual \$1,000 Business Scholarship Program sponsoring talented students who plan to pursue a career in business.

The scholarship will be awarded to the student with the best 500-word essay entitled, "What it Takes to be Successful in Business" after the ANA team reviews all submissions.

Criteria: Students must have a minimum GPA of 3.0, 15 hours of coursework taken (or registered for) in business related course work and be enrolled full-time at a university or college offering a business degree during the award period.

Graduate students must hold at least one baccalaureate degree and be registered as a full-time graduate student.

Requirement:

Each student needs to submit a:

- 500-word essay (double spaced) entitled “What It Takes to Be Successful in Business”
- Resume
- Proof of three business courses taken or registered for
- Proof of current GPA

Deadline to submit is March 15 and August 15 of each year.

The application needs to be submitted in written form by way of postal mail to:

ANA Scholarship Program
Postal Box 500
Atlantic Highlands, NJ 07716-0500

Anidjar & Levine Community Service Scholarship

The Law Firm of Anidjar & Levine will award a \$1,000 scholarship to the student who best demonstrates the relationship between their community service and future career goals and ambitions. Serving your community not only benefits the community; it benefits the volunteer as well. Young volunteers who participate in community service are more likely to continue their civic service in adulthood. They also develop a greater understanding of and empathy for their fellow community members, along with a sense of personal responsibility to help.

Who is eligible for the Anidjar & Levine Scholarship?

Our \$1,000 scholarship is available to students who meet the following criteria.

- Students currently enrolled in or formally accepted to an accredited U.S. community college, college, or university undergraduate or graduate degree program
- Applicants should have a history of serving their community in a volunteer role.
- Applicants must currently be in good academic standing and provide transcripts to support a cumulative GPA of 3.0 or above.

How do you apply for the Anidjar & Levine Community Service Scholarship?

To apply, assemble the following information and fill out and submit your application via the form on this page.

Current resume listing your community service, including:

- Name(s) of the organization(s) through which you volunteered
- Service dates
- Contact information
- Brief description of your service
- Your most recent transcript
- A 500-word essay on one of these writing prompts:
 - » What job skill(s) did you develop through community service that you did not possess prior to volunteering?
 - » What did community service teach you about leadership?
 - » How has your community service influenced your career goals?

Deadline: June 15, 2023

For more details please visit: <https://www.anidjarlevine.com/2019-community-service-scholarship/>

Annual Wellness Scholarship

Application Process:

- Write an essay of 1000 words or more about: "How To Live A Healthy Lifestyle". Summarize your essay into YOUR OWN UNIQUE title containing three to seven words. Use paragraphs and proper English grammar. Send your essay to us at scholarship@supplementrelief.com on or before July 31, 2023.
- Save it in PDF or Microsoft Word format, as we cannot accept Dropbox or Google Docs links.
- Make your essay creative, relevant, and above all, original. We have a strict stance on plagiarism, and if we determine that your essay has been copied from another source (in part or in its entirety), it will be rejected.
- Don't forget to include your name, your contact information, and your school's name.

Amount: \$1000

Deadline: July 31st, 2023

For more details please visit: <https://supplementrelief.com/scholarship/>

Banks Family Education Fund

The Bank Family Education Fund was established by Daniel Banks, Barbara Banks, and their family to offer scholarships to students interested in outdoors, wildlife, and conservation, giving them the opportunity to further their education. The fund offers up to \$2,000 yearly scholarships to current students who maintain a cumulative GPA of 3.0.

Award: The scholarships are awarded twice annually, in April and again in October of each year. Deadlines for scholarship submissions are March 30 and September 30.

Eligibility Criteria:

- The scholarship is open to legal residents of the United States who are at least 18 years of age.
- The applicant must be enrolled in an accredited college, undergraduate or graduate degree program in the United States. The scholarship is offered to both part-time and full-time students.
- Candidates must be in good academic standing with a minimum cumulative GPA of 3.0 or above.
- The scholarship is void in any jurisdiction where prohibited by law.

How to Apply:

In order to apply for the scholarship, applicants should submit a 750-word-minimum original essay that expresses your appreciation of outdoors, wildlife, and conservation.

The application must be submitted using this [Scholarship Application Form](#).

Application deadlines:

- March 30
- September 30

For more details please visit: <https://fishndans.com/banks-family-fund/>

Blankstyle Scholarship Fund

At blankstyle.com we realize the importance of education. Our employees range from artists to content writers, and from programmers to customer service representatives. The commonality with our team is good communication hinging on a solid foundation of education. We understand that in today's economy it is expensive to obtain a quality education. We benefit from our educated staff so we want to give a little back to

those who are working hard on to realize their dream of a college education.

Amount: \$1000 Eligibility

Deadline: *The deadline has passed.*

For more details please visit: <https://www.careerfitter.com/scholarship>

Cleanup Expert Scholarship Program

Applicants must be:

- U.S. citizens
- High school seniors who have been accepted to an accredited U.S. college or students currently enrolled at an accredited U.S. college
- Carrying a minimum GPA of 3.00

Topics for Essay or Video

For your submission, please write an essay of (1,800 to 2,500 words) or create a video that's (15 to 20 minutes) long about one of the thirteen topics listed below:

- Automatic pool cleaners are a godsend for pool owners who no longer need to spend hours manually cleaning their pools. Let's say you have a time machine and could transport yourself fifty years to 2072. Look at automatic pool cleaners of this era and write about how the technology behind them has evolved.
- Frank W. Ofeldt II accidentally invented pressure washer in 1926. He was working on a whiskey still when he discovered that steam forced at high pressure through a small hose was an effective method of eradicating grease from his garage floor. What other accidental inventions ended up making the world a better place?
- Explore in depth the features of floor mops. What changes would you make so they're even better?
- Imagine you've just invented the smartest robot mop ever. What features does it have, and how will it revolutionize the cleaning industry?

- In what ways are robotic pool cleaners environmentally friendly? How could you make them even more so?
- What are some of the features of gas pressure washers that make them ideal for cleaning up your backyard?
- How can using electric pressure washers make a home safer?
- How effective is a steam mop at killing bacteria?
- Are spin mops suitable for all types of flooring? Why or why not?
- There are hundreds of YouTube videos of cats riding around on robot vacuums. Film a video or write a script for a commercial using felines to sell these magnificent labor-saving machines.
- While window cleaning robots are a relatively new innovation, if they become widely used, they could end up replacing the squeegee. What other old-fashioned cleaning tools could be replaced by emerging technology?
- What's the technology behind air purifiers that make them exceptional at cleaning the impurities from indoor air?
- List all the ways upholstery cleaners make the average homeowner's life easier.
- Write about the technology that makes a robotic lawn mower virtually theft proof.

Awards: 1st Place: \$4,000 2nd Place: \$2,500

Deadline: July 1, 2023

For more details please visit: <https://cleanup.expert/scholarship-program/>

Collegiate Scholarship Award

General Rules:

- Student must be a US citizen or a permanent resident;
- Student must be a senior in high school or a first or second-year college/trade school student;
- Student must have a cumulative GPA of 3.0 or higher;
- Student must demonstrate involvement in community activities;
- Candidates should follow us on social media to stay updated regarding the winner.

Application Requirements:

- Students must submit an essay between 500-700 words and/or a 1-2 minute video describing themselves and their aspirations of going to college. Graphic and creative presentations are welcomed. Students should describe why they are pursuing a higher education, what obstacles they have had to overcome, the lessons learned from those experiences, and most importantly, describe any prior community involvement and/or their intentions for the same after graduation.
- Students must send an unofficial copy of their high school and/or college transcripts.

Awards: \$5,000

Deadline: July 31, 2023

For more details please visit: <https://dominguezfirm.com/scholarships/>

Community Volunteer Scholarship

To be eligible, you must:

- Have a GPA of 2.5 (applies only to students already in college when applying)
- Be admitted to or enrolled in an accredited college or university
- Provide proof of citizenship as well as a college or high school transcript
- Write and submit an essay on the topic described below
- Agree to the scholarship's terms and conditions
- Complete and submit the application form

Essay Topic for the Community Volunteer Scholarship

To be considered for the scholarship, all applicants must write a 750-word essay on the following topic:

"Explain how you go above and beyond in your community by volunteering. Please describe the causes or organizations you support and explain how your efforts help make life better for the members of your community. Finally, tell us how you plan to help your community through your future career."

Scholarship Amount: \$2,500

Deadline: June 15 Annually

For more details please visit: <https://www.cohenjaffe.com/about/community-volunteer-scholarship/>

The Chairish “Design Your Future” Scholarship

Chairish is committed to helping college students achieve their dreams. If you are overcoming obstacles to earn a college degree, we want to hear from you! Students from all majors are encouraged to apply, but preference will be given to applicants pursuing design and engineering- related fields.

Scholarship minimum eligibility requirements:

- Minimum 3.0/4.0 cumulative GPA.
- Must be at least 18 years old as of the date of application.
- Must be a permanent legal U.S. resident physically residing in the fifty United States of America or the District of Columbia.
- Open to graduating high school seniors, college undergraduates, and graduate students.
- Must be enrolled or planning to enroll at an accredited two-year, four-year, or technical/vocational college or university in the United States.
- This scholarship is open to students from all underrepresented or disadvantaged backgrounds. Examples of ideal applicants include, but are not limited to, students from racial minorities typically underrepresented in higher education, first generation college students, women pursuing a degree in a STEM or typically male-dominated industries, students with disabilities, and or similar situations.
- Essay Requirement: Applicants must submit a 500-word essay designing their ideal future and what the student plans to do in order to achieve that dream.

Deadline: January 1 & June 3

Amount: \$2,500

For more details please visit: <https://www.chairish.com/pages/scholarship>

David Resnick Veterans Grant Competition

To recognize the sacrifices veterans have made for our country, the law firm of David Resnick & Associates is awarding cash grants to men and women who have served in the U.S. armed forces. David Resnick & Associates is holding an essay competition that will determine the winners of \$4,000 in total cash awards.

Who can enter?

Anyone can nominate a deserving veteran for a cash grant, but the nominee must be a veteran of the U.S. military. Veterans may nominate themselves.

What are the essay requirements?

To nominate a veteran, the entrant must write an essay that explains why the veteran deserves a cash grant. The essay should be at least 600 words long. It must provide details about the veteran's service (dates of service, branch of the military, highlights of the veteran's service, etc.). The essay must also provide details about how the writer knows the veteran.

How much money will be awarded?

The firm will award a total of \$4,000 in cash grants. The money will be split among 3 winners, who will receive \$2500, \$1000, or \$500, respectively.

Deadline: July 1st annually

For more details please visit: <https://www.injuryclaimnyc.com/veterans-grant-contest/>

Amount: \$5000

Deadline: Applications are accepted year-round.

For more details please visit: <https://gotranscript.com/scholarship-program>

Grad Coach Scholarship Program

Every year, Grad Coach helps thousands of students across the world with dedicated, 1-on-1, personalized coaching and support. But this is accessible only to a small portion of students that can afford it. Hence, we launched the Grad Coach Scholarship Program, which aims to help students that are hard-working, but struggling financially.

The program assists students with \$2000 of direct financial aid, which can be used towards tuition, fees, books, and accommodation. The scholarship amount will be directly sent to the Financial Aid Office of the University.

Application Requirements:

To apply for the Grad Coach Scholarship, you must meet the following requirements and complete the required activities:

- You must be accepted by or currently attending an accredited college for a full-time undergraduate or graduate program in the United States.
- You must have a minimum cumulative GPA of 3.0 (or the equivalent).
- You need to write an original essay of 500-800 words titled "The 5 Essential Ingredients to Achieve Academic Success"
- You need to post your essay on your personal blog, linking to the Grad Coach site. If you don't yet have a blog, you can create one for free on WordPress, Wix or Medium.
- Plagiarism is an automatic disqualifier. You may use information from any source but be sure to put it in your own words and cite your sources. We will verify originality with plagiarism software.

Deadline: *The deadline has passed.*

For more details please visit: <https://gradcoach.com/scholarship/>

H&P Veterans helping Veterans Scholarships

Hill & Ponton is pleased to be supporting veterans as they further their education and enter a career field that would, in turn, help other veterans. Each year, four scholarships of \$1,000 will be awarded to the strongest candidates.

Following active duty service, many United States military veterans choose to earn a higher education degree. This path can help former military service members adapt to civilian life and launch a fulfilling future, whether through a community college or state university. However, what if you can't afford the tuition?

Financial aid and military scholarships can help veterans and their family members pursue their educational goals. The specifics of this financial support varies per scholarship award, yet most offer tuition assistance up to a certain monetary amount. Student loans and financial aid may help with payment as well, depending on the applicant's financial need.

Application Deadlines: May 1st and November 1st of each year.

For more details please visit: <https://www.hillandponton.com/veterans-scholarship/>

IntelliGenesis

The IntelliGenesis Memorial Scholarship previously called, the "Neal Sullivan Scholarship", was created in 2010 in memory of our original employees, Neal Sullivan, who passed away way too soon, during the beginning years of our company. The scholarship was a way to memorialize Neal's contribution to the company and keep his name alive. Since then, we've lost other important and valued team members to include, Greg Cassagne and Carolynn Sullivan. Both who also greatly supported IntelliGenesis and who are dearly missed.

Therefore, on the 10th anniversary of the scholarship award, we've decided to rename it to the "IntelliGenesis Memorial Scholarship" to include the other team members that we've lost along the way.

Requirements:

- Full-time student
- Majoring in STEM related fields
- Minimum 3.5 High School GPA
- Good moral character
- Demonstrate financial need
- Copy of resume required for upload
- Valid for students in Maryland, Georgia, and Texas

Deadline: March 31st annually

For more details please visit: <https://scholarship.intelligenesisllc.com/>

(ISC)² Women's Cybersecurity Scholarships

Eligibility:

- Must be pursuing, or plan to pursue, a degree with a focus on cybersecurity or information assurance."
- You may be a senior in high school, an undergraduate student, graduate or post graduate student to be eligible."
- GPA must be at least 3.3 on a 4.0 scale (or an analogous rank based on a comparable scale).
- You may be a citizen of any country (US citizenship not required).
- May be attending on campus or online.
- May be attending full time or part time
- May be attending in the US or Internationally
- You do not currently need to be enrolled, however no awards will be disbursed until the recipient is enrolled in a college or university.
- If awarded: the funds will be sent to the school with instructions that it be applied to tuition, fees and books

What you will need:

- Unofficial transcripts from your current (or most recent) educational institution. If awarded; no funds will be disbursed until official transcripts have been received.
- One Letter of Recommendation outlining the following:
 - » How long have you known the applicant and in what capacity?
 - » What skills or abilities does the applicant have that will support him/her in completing a degree?
 - » What other information about the applicant should be taken into consideration?
 - » NOTE: Academic references are preferred; however, you may submit a professional letter of reference addressing the points above.
- Resume/CV – No more than 3 pages maximum. Do not include links to publications.
- Essay questions to be filled out in application:
 - » Tell us why you should be chosen to receive this women's cybersecurity scholarship and what makes you stand out from your peers?

- » Describe why you need the scholarship.
- » Describe your personal and education backgrounds.
- » What - or who - inspired you to pursue a career in cybersecurity? What makes you a candidate for success in information security and what are your goals for your professional career.
- » When you graduate and secure a career in our industry, what steps can you take to “pay it forward” by supporting other women (currently in school, recent graduates, mid career transition) new to our field?
- » Describe any contributions to the cybersecurity field i.e., volunteer work, articles, etc., and any other hobbies or extracurricular activities and what they mean to you. (Do not include links to articles)

Scoring Criteria

- Applicants will be scored by members of (ISC)² and scholarship sponsors (if applicable). Scoring will be based upon three categories:
 - » 1. Passion
 - » 2. Merit
 - » 3. Financial Need

Deadline: February 28th annually

Living with Autism Scholarship

The team at Hammack Law Firm has a personal understanding of autism, including what is involved in raising and being a sibling to a person with autism. Lawyer Paul Hammack is the parent of an autistic child and has witnessed the impact of being on the spectrum for an autistic child in school.

“Often, children with autism struggle in mainstream education to learn within the traditional education framework and are often misunderstood,” Hammack explains. “Because our high school special needs programs may focus more on life skills than education fundamentals, autistic children may not be encouraged to continue their secondary education. The result of all of this is that only a small percentage of autism spectrum disorder students go on to college.”

The team at Hammack Law Firm supports autistic children who choose to pursue higher education despite the unique challenges they might face. Through the Living with Autism scholarship, Hammack Law Firm aims to recognize young people seeking to better themselves through education and their families’ hard work.

Eligibility for the Scholarship

In order to qualify for the Living with Autism scholarship, applicants must:

- Write and submit an essay of 1,000 words or less describing how they overcame challenges in living with autism
- Prove they were accepted to or enrolled in an accredited institution of higher learning
- Agree to Terms and Conditions
- Submit their essay through the application form on this page

Deadline: June 15 of each year

Amount: \$2,500

For more details please visit : <https://hammacklawfirm.com/about/living-with-autism-scholarship/>

Maryland Space Grant Consortium Scholarship

One of MDSGC’s goals is to support students who are attending or planning to attend an affiliate institution, who need financial support, and who wish to pursue studies in math, science, engineering, or technology, that are related to aerospace or may lead to a NASA-relevant career.

Eligibility for the Scholarship

To be considered for a MDSGC scholarship, applicants must meet the following criteria:

- U.S. Citizen.
- Enrollment in an affiliate institution of MDSGC; see above. Students must have completed at least one full semester at their institution (except for HCC) in order to be eligible.
- Full-time student majoring in a STEM area, including but not limited to: engineering, computer science, the biological and life sciences, chemistry, geological sciences, physics and astronomy. Please note that we are specifically interested in students whose academic major and career aspirations are relevant to aerospace and NASA.
- Maintaining a 3.0 or higher GPA and appropriate major. Awards are generally renewable from one semester to the next, contingent on this requirement, although affiliate institutions may require students to reapply between academic years.
- Institutions may also impose additional evaluation criteria beyond the eligibility requirements above. You may contact the corresponding scholarship committee member for your institution with questions; contact information can be found via the links on the member institutions page.

Deadline: May 13 annually

For more details please visit: <https://md.spacegrant.org/mdsgc-programs/scholarships/>

Mobile Application Development Scholarship Program

programme who takes care of your queries. For any queries related to scholarship drop a note at sunnyc@aistechnolabs.com

Deadline: May 15th annually

For more details please visit: <https://www.aistechnolabs.com/mobile-application-development-scholarship-program/>

NAWIC Founders Scholarship Foundation

The NAWIC Founders' Scholarship Foundation (NFSF) was established in 1963 by NAWIC to assist in providing the construction industry with trained employees through higher education. Construction is the only industry that encompasses almost every professional discipline. Literally every career sector is available to you: trades, project management, administrative, legal, financial, insurance, business owner...the list is virtually endless. Once someone decides on a career in construction, they then have to find ways to pay for their education. The NAWIC Founders Scholarship Foundation (NFSF) is here to help. Each year we are pleased to award over \$25,000 to worthy recipients in construction-related programs. Award amounts range from \$500 to \$2,500. Some local chapters award scholarships as well.

Undergraduate Scholarship Eligibility:

- Applicant must be currently enrolled in a construction-related degree program at a school in the United States and must have a least one term remaining in a course of study leading to a degree or an associate degree in a construction-related field. High school seniors and those pursuing graduate degrees are not eligible.
- Applicant must desire a career in a construction-related field.
- Applicant must be enrolled full-time.
- Applicant must have a current cumulative GPA of 3.0 or higher to be considered for awards.
- To be considered, the Application and all attachments must be complete and received via email by February 28th for the next following academic year. If your school only mails transcripts, please email NFSF (nfsf@nawic.org) for the address to mail the transcripts to. Official sealed transcripts must also be received no later than February 28th.
- Only students enrolled in a school in the United States will be considered for awards.
- Construction Trades Scholarship Eligibility:
 - Applicant must be currently enrolled in a construction-related training program which is approved by the Bureau of Apprenticeship Training, community college, technical school or equivalent.

- Applicant must be obtaining training in a construction-related craft or trade.

For more details please visit: https://www.nawic.org/nfsf_scholarships

Neon Direct Scholarship

- Must be currently attending or planning to attend a college or university for the current financial year.
- Must be in good academic standing with your current educational institution.
- Must provide your written essay (PDF/Word format preferred) by the deadline of December 31st, 2022.
- Minimum 3.0 GPA Score

Application Procedure:

Applying for the scholarship is easy. We have intentionally made the application process very simple so as many students as possible can apply for it. However, only one winner will be selected.

Deadline: *The deadline has passed.*

Amount: \$1,000

For more details please visit: <https://neondirect.co/scholarships/>

The Om and Saraswati (Sara) Bahethi Scholarship

Sponsored by Science Systems and Applications, Inc (SSAI), a woman-owned small business, has been performing scientific and technological applications services for NASA, NOAA, and other federal agencies since its incorporation in 1977. SSAI's areas of expertise are Earth and Space Sciences, advanced computing, complex science data and information systems, scientific analysis, instrument engineering, systems development, and information technology. With a staff of highly trained and experienced scientists, engineers, and information technologists, SSAI has received numerous awards, commendations, and other recognition for high-quality technical support services. Our customer-and employee-oriented policies have established exceptional staff loyalty as an employer of choice for science, engineering, and IT professionals. SSAI is also a proud sponsor of the AMS/Om and Saraswati Bahethi Scholarship, which is named after the founders of SSAI, and is awarded to students entering their final year of undergraduate study.

- One \$2,000 award may be made each year

- Awarded on the basis of scholarship and participation in SPS to undergraduate students in their sophomore or junior year of study
- Supported by Science Systems and Applications, Inc. (SSAI)

Eligibility:

- Applicants must be students in their sophomore or junior year of college who are majoring in physics or a related science
- Applicants must be U.S. citizens or permanent residents who attend a college or university in the United States
- Applicants must be undergraduate members of the SPS national organization

Application Procedure:

Applicants must complete an online application no later than March 15 (if this date falls on a weekend, the application is due the following Monday). The online system will guide applicants through completing the individual steps of the application process listed below, including requesting letters of recommendation. All pieces of the application must be in by the deadline in order to be considered for the scholarship.

For more details please visit: <https://www.spsnational.org/scholarships/science-systems-and-applications-inc-ssai-academic-scholarship>

Patrick de Arteaga Scholarship for Artists

Who is Eligible for the Scholarship?

We want to help a student who is really in need of funds for their studies. Both Undergraduate Students and Graduate Students can apply for the scholarship program, provided they are enrolled in a full-time or part-time degree program in an accredited college or graduate school. Minimum GPA: 2.5

Scholarship Amount:

The scholarship amount is \$500 USD and it will be awarded to one student for their education expenses. Due to the price of the most of education expenses, this scholarship is not exclusive, allowing it to be accumulated with other external scholarship programs.

Here are the steps to apply for the scholarship program:

- Write an essay of 1200+ words on the topic “How music and arts can change the world”, understanding art in its widest sense, including literature, fine arts, performance, dance and every expression of human creative skill and imagination, like film making, video games, etc.
- Make sure your essay is unique and creative. Plagiarism or copyright infringements will not be tolerated, and if we have found that you have copied the content of your essay from some other source then your application will be immediately rejected.
- All applications should be sent through the application form below and the essay should be made in a Word format only. PDFs or Link to Google Docs will not be accepted.
- You should mention your full name, your school/university name, phone number, and email address in the scholarship application.
- You should not provide any other information other than that mentioned above.
- You must submit your essay (check back for 2023 scholarship)
- After the application deadline has passed, our team will judge your essay on creativity, the value you have provided, and its thoughtfulness.
- The winner will be announced on (check back soon!) and the winner will be notified by email.

Deadline: *The deadline has passed.*

For more details please visit: <https://www.honorsociety.org/scholarships/patrick-de-arteaga-scholarship-artists>

SB Builders and Construction Scholarship

Construction is one of the most universally in-demand services in the United States. As such, there is a constant need for fresh ideas and new perspectives. Trends in architectural styles are constantly evolving, and it is important for professionals to encourage the growth of our industry into the future. SB Builders would like to contribute to this effort by offering a scholarship to one student each year who is interested in studying architecture. If you are a student interested in architecture (construction management, urban planning, etc.), we want to hear from you and help you accomplish your educational goals.

Scholarship Amount:

SB Builders is offering an annual scholarship of \$500 to one student who demonstrates interest in pursuing a course of studies in architecture or a related discipline.

Who Can Apply?

Any undergraduate or graduate student currently enrolled in an accredited college, university, or graduate

school may apply for this scholarship. Proof of enrollment is required.

How to Apply for the Scholarship:

- Write an essay of 1000+ words that answers the following question: Why is architecture important? Consider the cultural and social impact of architecture, and include information about your own education and career goals, as well as what you hope to contribute to the field.
- Essay submissions open August 15th and close January 31st annually.
- All submissions should be sent to outreach@sbbuildersandconstructioninc.com in the form of a .doc or .docx file.
- Please include "Scholarship Essay Submission" in the subject line of your email.
- Non-original essays will be immediately disqualified. This includes previous online publication.
- Essays will be judged based on relevance, creativity, and uniqueness of voice.
- The winner will be announced February 7th and will be notified via email.

For more details please visit: <https://sbbuildersandconstructioninc.com/scholarship/>

SygmaTechnology Scholarship

We have helped forward-thinking organizations open the doors to their next incarnation using technology, creativity, and ingenuity. We are passionate about equal opportunities and understand that there is still progress to be made in minority representation and opportunity in the fields of science, technology, engineering, and mathematics (STEM). In 2016, only 22% of degrees in STEM were earned by underrepresented minority students. With this in mind, we wish to assist underrepresented minority students who are passionate about STEM and believe in the merits of using technology and creativity to enhance our everyday lives. You should apply to this scholarship if you are a minority student passionate about STEM and are a believer in using technology to transform our lives for the better. We're excited to hear your ideas, your passion, and where you see yourself contributing to this subject.

Eligibility:

- All applicants must be enrolled, or due to be enrolled, as a full-time undergraduate or graduate student at an accredited US college or university or the semester that they are applying to receive the scholarship.
- Applicants are required to have a minimum 3.0 GPA.
- Domestic, international, and undocumented students may apply.
- Students attending online universities are welcome to apply.
- Applicants should be an underrepresented minority majoring in a STEM-related subject or a high level of interest in the STEM field. If selected, there will be verification of minority status via school or other.

Essay:

- Please write a 1,000-word essay answering the following questions:
- How do you plan to use technology to improve the lives of others?
- How do you feel that underrepresented groups can be encouraged to go into the STEM field?
- What businesses do you admire that encourage minority students to pursue a career STEM.

Deadline: August 15th annually

For more details please visit: <https://www.sygmatechnology.com/scholarship>

TowerCares Foundation

TowerCares is proud to invest in the next generation of STEM leaders throughout the Mid-Atlantic region. The scholarship program provides opportunity for all students who want to change and improve the world, with

special consideration given to children of active duty military and Veterans.

Office of Science Graduate Student Research (SCGSR)

The Department of Energy's (DOE) Office of Science is pleased to announce that the Office of Science Graduate Student Research (SCGSR) program is now open for applications.

Applications are due 5:00pm Eastern Time on November 8, 2023.

The SCGSR program provides supplemental funds for graduate awardees to conduct part of their thesis research at a host DOE laboratory/facility in collaboration with a DOE laboratory scientist within a defined award period. Collaborating DOE Laboratory Scientists may be from any of the participating DOE national laboratories/facilities. The award period for the proposed research project at DOE laboratories/facilities may range from 3 to 12 consecutive months.

Each awardee is eligible to receive a monthly stipend and travel expenses directly associated with conducting the SCGSR research project at the DOE host laboratory/facility during the award period.

For more details please visit: <https://science.osti.gov/Leaving-Office-of-Science?url=https%3a%2f%2fapps.ora.gov%2fSCGSR%2fAccount%2fLogin&external=true>

Michael J. Barrett Doctoral Dissertation Grant

To encourage internal audit studies by doctoral candidates, The IIA Research Foundation supports an ongoing doctoral dissertation grant program. This program provides funds to selected doctoral candidates interested in the field of internal auditing.

Procedures: Any doctoral candidate pursuing an advanced post-graduate degree (such as Ph.D. or DBA) in auditing, accounting, or business from an accredited educational institution is eligible to apply for the doctoral dissertation grant. Applicants should submit their dissertation proposals, along with a detailed cover letter, to The IIA Research Foundation. (See Submission Information at the bottom of this page.) Applicants must also submit two letters of recommendation by professors directly supervising or connected with their dissertation efforts. Winners will be determined by December 15 of the same year.

Amount: \$10,000

Deadline: The deadline for submitting a grant application is October 15 of each calendar year.

For more details please visit: <https://na.theiia.org/iia/f/Pages/Michael-J-Barrett-Doctoral-Dissertation-Grant.aspx>

Southern Regional Education Board (SREB)

SREB has two types of financial awards:

- Three-to-Five Year Package: The Doctoral Award offers three years of direct program support and two years of institutional support from the scholar's college, university and/or department, in the form of a \$20,000 annual stipend. Each recipient also is awarded up to five years of university-covered tuition and fees (unless the institution prohibits a fee waiver). In addition, the program provides professional development support and covers expenses associated with attending the annual Compact for Faculty Diversity Institute on Teaching and Mentoring.
- Dissertation Award: The Dissertation Award offers a one-year, \$20,000 stipend, university-covered tuition and fees (unless the institution prohibits a fee waiver), a \$500 research allowance and professional development support.

For more details please visit: http://sreb.org/page/1113/types_of_awards.html/

It also covers expenses associated with attending the annual Compact for Faculty Diversity Institute on Teaching and Mentoring.

The McKnight Doctoral Fellowship

The McKnight Doctoral Fellowship program is designed to address the under- representation of African American and Hispanic faculty at colleges and universities in the state of Florida by increasing the pool of citizens qualified with Ph.D. degrees to teach at the college and university levels. As a by-product, it is expected that employment opportunities in industry will also be expanded.

Awards: Up to 50 Fellowships are awarded annually to study at one of the nine participating Florida universities. Each award provides annual tuition up to \$5,000 (tuition above this amount is waived by the

participating institution) for each of three academic years plus an annual stipend of \$12,000. (An additional two years of support at this same level is provided by the participating institution.)

Deadline: January 15, each year.

For more details please visit: <https://swe.org/scholarships/>

Sigma Chi Foundation Scholarships

Sponsored by Sigma Chi Foundation

For more details please visit: <https://sigmachi.org/foundation/scholarships/graduate-scholarships/>

Blue Ribbon Scholarship

A current master's degree student who has successfully completed three master's level courses with a 3.0 GPA may receive a tuition scholarship of \$500 per course for the next three consecutive courses. A student may renew the scholarship during their ninth course.

To qualify:

- Successfully pass three master's level courses with a 3.0 CGPA;
- Complete the Blue Ribbon Scholarship application during enrollment in the third master's course;
- Continue enrollment in each consecutive term (3 credits per term) or semester (6 credits); and
- Maintain 3.0 CGPA.

Once Financial Aid has confirmed eligibility, the Blue Ribbon Scholarship will be awarded in the subsequent terms/semesters. During the second week of the term/semester, eligibility will be reviewed and the scholarship will be applied to the student account. Adjustments may be required based on enrollment. Failure to enroll in each consecutive term/semester while receiving the scholarship will terminate any undisbursed funds. After receiving \$1500 the student may reapply for the Blue Ribbon Scholarship upon completion of an additional three master's courses and meeting all other eligibility requirements.

Blue Ribbon Referral

An alumni or current student in a master's degree at Capitol Technology University who refers a student to any of the university's degree programs – undergraduate, master's or doctoral, will receive a full course tuition for each student referred.

To qualify:

- The referring master's student's name must be written on the new referred student's admission application at time of application;
- The referred student must successfully complete one full course; and
- The referring master's student completes the Blue Ribbon Referral form.

Once the Financial Aid Office confirms eligibility, the tuition cost of one master's level course will be applied to the referring student's financial aid awards and student account upon enrollment in a master's course. The Blue Ribbon Referral award is not transferable.
