

Transfer into a doctoral program of the future and complete your PhD or DBA in a year!

Have you finished your research but have yet to defend your thesis?

Transfer up to 42 credits into our research-based doctoral programs and complete your PhD or DBA in one year.

Why Capitol Tech?

As a premier STEM university, Capitol Technology University produces graduates who are highly sought-after by the world's most technologically advanced agencies and private sector industries. With "hands on" curricula focused on STEM career fields taught by world-wide academics and industry experts with a global perspective. Capitol Technology University positions its students for leading roles in the global tech industry.

European Thesis Model Doctorate Programs

There are two paths for degree completion under this model: dissertation or publication. Courses are available online 24/7, ensuring that students have flexibility in their coursework while avoiding the limitations of a more traditional program structure.

All of our programs utilize the European thesis model (*with the exception of our PhD in Business Analytics and Data Sciences and DSc in Cybersecurity*).
